Bellaire

Bellaire High School is one of America's most prestigious high schools. The school has been consistently recognized for the academic achievements of its students and the leadership of its faculty. Most recently it was selected one of the "top four" achievement high school's in America and ranked as 35th out of the nations 10,000 high schools in AP test scores. For 40 years Bellaire has been a source of pride for the community and the Houston Independent School District. The high school is a four year comprehensive public school serving the needs of an urban, multi-ethnic, multi-cultural 2800 plus student body through a diversity of programs and activities. As an HISD magnet school for foreign languages, Bellaire offers classes in 10 foreign languages and participates in student exchange programs to Russia, Germany, France and Costa Rica. The International Baccalaureate degree is available to students who desire the challenge, and many do. Bellaire has the highest number, per capita, of National Merit finalists of any public four year high school in Texas. Bellaire receives great support from parents, the community and administrators through Shared Decision Making Committees established to involve the whole community in the decision making process for the school.

Bellaire Baseball

1960 *State Champions* 1978

1962

1986

1971 1994

Runner-up 1963, 1970, 1972

The Bellaire Cardinals have won 6 State Championships, finished second 3 times, and earned numerous district championships. Due to the high academic standards required, the intense training and discipline of this program, Bellaire's players achieve success on and off the field. Many receive college scholarships and some have gone on to play professional baseball. This year seven Bellaire Baseball seniors have received such scholarships. The baseball program enjoys great support from the administration, faculty, and students under the direction of Principal Vivian Dailey and Assistant Principals Deane Greer, J.D. Gregory, Charles Wells, and Eliza York, Dean of Instruction Joyce Taylor Lane, and Magnet Coordinator Anna Barrett. A special thank you to our biggest fans for their constant support along **The Road To Austin!!!!**
